

4TH ANNUAL

RISING STARS

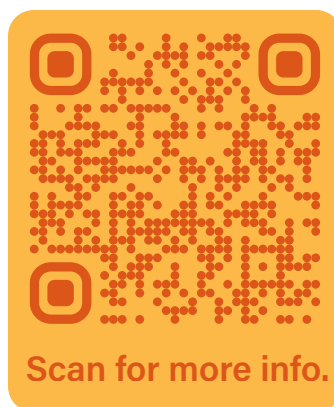

S Y M P O S I U M

May 12–13, 2027

We are pleased to announce the fourth annual Rising Stars Symposium at the Salk Institute for Biological Studies. This symposium is intended to recognize the accomplishments of outstanding postdoctoral trainees in the scientific workforce who have made foundational discoveries in their science and contributed to positive and meaningful societal outcomes beyond the lab.

Selected participants will be invited to the Salk Institute and have the opportunity to:

- Present their cutting-edge research in a dynamic symposium setting to refine ideas and spark future collaborations.
- Network with fellow trainees and peers who are driving innovation across a broad spectrum of scientific fields.
- Engage one-on-one with Salk Institute faculty to explore mentorship opportunities and build lasting professional relationships.

Applications due by **January 4, 2027 , at 12:00 p.m. PT.**
